

# VOCAL PERFORMANCE WORKSHOP

*for Contemporary Singers*

**BE THE CONFIDENT, DYNAMIC, VOCAL PERFORMER YOU WANT TO BE!**

**This class will teach contemporary vocalists how to take their performance skills to the next level with hands-on experience in a real, stage environment.**

Get on stage, polish your show, work on movements and expression, prepare audition material, work out stage-fright/ nerves, gain confidence, refine performance skills and more...

Professional, supportive instruction will guide you as you try out new material or even a new style!

All students will get weekly on-stage experience working with a professional vocalist/voice teacher and pianist/arranger/multi-instrumentalist. Plus, your class will culminate in a fun, final concert followed by an informal reception.
